**( RS1 ) Round Blade Fire Damper**  
**4 Hours Fire Integrity Rating**  
**Heavy Duty – For Wall and Floor Mounting Application**

**GENERAL**

The Hart Round Fire Damper, Model RS1 is a HEAVY DUTY Damper, designed to impede the spread of fire and / or combustible products (eg. smoke) through wall or floor openings to other fire compartments of an air-handling system.

This range of Fire Dampers finds its application in building construction and mining industry where ventilation, heating, cooling or air-conditioning systems are employed.

**Hart Round Fire Dampers are certified by PSB's Standards and meet AS 1682 and AS 1530 requirements.**
